

A 3D cutaway diagram of a power MOSFET package. The top surface is a green square with a central square pad and several circular pads. The package is mounted on a grey substrate with multiple screws. The cutaway reveals internal components: a red heat spreader, a yellow die, and blue bond wires connecting the die to the package pins. Thermal interface materials (hatched areas) are shown between the die and the heat spreader, and between the heat spreader and the package base.

This exploded view diagram illustrates the components of the 1000 Series 1U Rack Mountable Power Supply Unit. The main unit is shown on the left, with a mounting bracket and various screws and washers shown in an exploded view to the right. The components include:

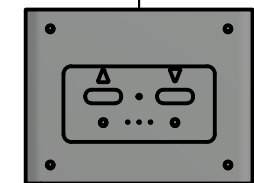

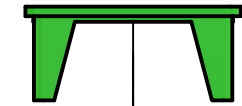

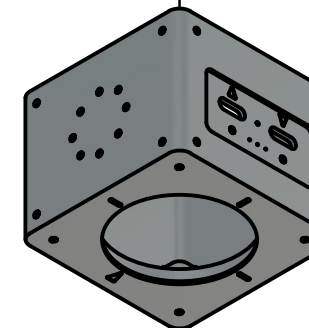

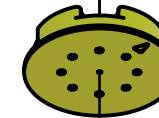

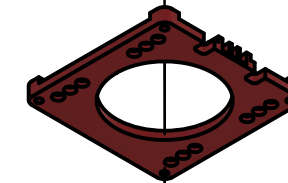

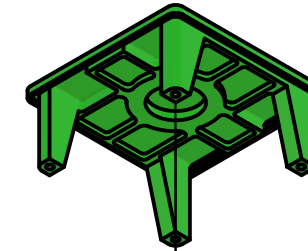

- Mounting bracket (1)
- Washer (2)
- Screw (3)
- Washer (4)
- Screw (5)
- Washer (6)
- Screw (7)
- Washer (8)
- Screw (9)
- Washer (10)
- Screw (11)
- Washer (12)
- Screw (13)
- Washer (14)
- Screw (15)
- Washer (16)
- Screw (17)
- Washer (18)
- Screw (19)
- Washer (20)
- Screw (21)
- Washer (22)

- Washer (98)
- Screw (99)
- Washer (100)

A green square table with four legs. In the center of the table top is a circular hole surrounded by eight small dots arranged in a ring.

A 3D illustration of a small, square, metallic-looking box. The box has a central circular feature on its top surface, which appears to be a sensor or a small antenna. On the front-left side, there is a control panel with two circular buttons and a small display area. The box is shown from a perspective view, highlighting its three-dimensional form.
